MASTER-PLANNED COMMUNITIES

SAMOS masterplans, structures and delivers residential communities at scale, now with a registered presence in Saudi Arabia through **SAMOStructure**.

The portfolio spans gated compounds, residential villages, town houses and country clubs, drawn from the track record of SAMOS and its founding partners across Lebanon, Europe, the Gulf, Africa and wider international markets.

From concept and feasibility to construction management and handover, SAMOS delivers communities under one accountable platform.

STRATEGIC PARTNERSHIP

In partnership with Dolmen Development UK

Many of the projects in this portfolio were delivered through our close and long-standing partnership with Dolmen Development UK, an engineering, development and construction management firm with a track record across the United Kingdom, the Gulf, Europe and Africa. SAMOS combines origination, structuring and advisory with Dolmen's design, engineering and delivery capability, giving clients a single accountable platform from concept to handover.
